# ABOUT US

The Future Group of Institutions was established in 2009. The aim of this Institution is to educate students and make them well-developed and polished professionals. It has six Institutes offering programmes in Management, Engineering, Ayurvedic Science, Paramedical and Pharmacy. Future Group of Institutions has been awarded as the Best Engineering Institute Award by Global Excellence Forum, along with recognition as the best B-School of Bareilly region. FGI was also awarded for Commendable Performance in the area of Final Placement by ACE Infotech.

Institutes affiliated with FGI have created an area of their own by providing modern programs that feature renowned faculty who are praised nationally, modern facilities and facilities that promote academic excellence. We are an institute with the underlying philosophy of being innovative, and the goal "The beautiful thing about learning is nobody can take it away from you!" The design of the curriculum is guided by a trans-disciplinary and inter-disciplinary approach that incorporates methodologies that increase learning opportunities and help achieve higher-level learning outcomes.

**"Creating Winners for Life is the Future Way"**

## OUR VISION

Future Group of Institutions has made a determined effort to offer students vital managerial skills. Our Vision is to establish an institution where innovative ideas are conceived, young minds are mentored, and livelihoods are modified to face the unknown future. To cultivate human advancement through greatness in Quality Education, Research, and Entrepreneurial Development. To be the main establishment in specialized education giving instructions and preparing to empower human assets to serve our country and the world at standard with worldwide norms in training.

## OUR MISSION

We are committed to providing students with practical and pleasant instructional methods that will enable them to become competently valuable experts and maximize their career and academic achievement.

To measure, learn from, and promote exceptional educational approaches from around the world.  
To develop professionals who can lead the future.  
To improve innovative work in various Disciplines.
